EQUALIZATION BOARD.

Many Counties Raised With Logan as a Basis.

The territorial board of equalization completed its labors yesterday. They found the valuations of the various counties differing greatly and made many changes. Logan county was taken as a basis to work upon and the other counties equalized with it, making an aggregate raise sufficient to increase the territorial tax receipts about \$10,000 in order to meet the necessary current expenses of the territory.

RUNS THE OHIO REPUBLICAN CONVENTION.

BITTER FACTIONAL FIGHT.

The National Chairman Will B. Ingham, endorsed for United States Senator and the Present State Officers Re-nominated—The Campaign Chairmanship Fight the Only Contest.

TOLEDO, Ohio, June 23.—The Ohio Republican state convention assembled here yesterday and will continue today. The occasion has been one of bitter factional fighting for two days. There is no opposition to the endorsement of Senator M. A. Hanna for both the long and the short terms as Senator and there is no opposition to the renomination of Governor Bushnell and other state officers who have had only one term. The contest has been on the state campaign chairmanship. Senator Hanna wanted Major Charles E. W. Dick, secretary of the national committee, for this place. Governor Bushnell and other state officers wanted Chairman Charles L. Kurtz, who has managed the past two campaigns, retained in that place. Senator Foraker was not here, but it is known that he supported Governor Bushnell and Chairman Kurtz as strongly as possible by wire. It has been the custom for the head of the state ticket in Ohio to name the chairman of the state executive committee, but Senator Hanna had the convention here in hand and he will not permit the party organization according to precedent.

The contending factions carried their claims into the meetings of the delegates by congressional districts yesterday afternoon, and Mr. Hanna won by more than two to one. He controlled the district meetings and the convention more firmly than the St. Louis convention last year. Major Dick claims the committeemen from fifteen of the twenty-one congressional districts, with two districts contested and four districts conceded to Kurtz. The Kurtz men concede their defeat, but claim eight out of the twenty-one committeemen.

Senator Hanna and Governor Bushnell had conferences again last night. While the governor regrets the defeat of Chairman Kurtz, he will not decline renomination to-day. Meantime, the state central committee will not select the campaign chairman and the members of the state executive committee now, but the central committee will meet at an early date in Columbus for this purpose. It is expected that Senator Hanna and Governor Bushnell will get together soon for co-operation in the campaign. It is understood now that Major Dick will be made chairman of the executive committee, and that Governor Bushnell and other state candidates will name the other members of the state executive committee.

BESIEGED BY SOLDIERS.

Ex-Confederates Meet in Nashville for a Grand Reunion.

NASHVILLE, Tenn., June 23.—Ex-Confederate soldiers and their friends arrived by hundreds yesterday to attend the annual reunion of the noted Confederate veterans. The veterans spent the morning in attending the reunion at the tabernacle and meeting old comrades.

The assemblage was called to order by General Gordon, and prayer was offered by Dr. Jones, the chaplain. Governor Taylor delivered an address of welcome in behalf of the state. General Gordon delivered a short speech. Judge Reagan then delivered the principal address.

The chief subject of discussion is the proposed retirement of General John B. Gordon, as commander-in-chief. He has signified his intention of retiring from the command of the association, and this has caused a good deal of wire-pulling. Many names are suggested for his successor. General Simon B. Buckner, General John Wheeler, General Stewart and others are suggested. The only intimation of a rift in the lute of harmony which makes music for the Confederate veterans comes from the suggestion of General Buckner for commander-in-chief. His position on the financial question is being used against him, and his candidacy for vice president as the nominee of the Indianapolis convention is also used against him. From present indications General Gordon will announce his desire to retire, the association will say he shall not retire, will re-elect him and force him to accept again.
